Introduction

All schools must provide a curriculum that is broadly based, balanced and meets the needs of all pupils. Under section 78 of the Education Act 2002 and the Academies Act 2010, a PSHE curriculum:

- Promotes the spiritual, moral, cultural, mental and physical development of pupils at the school and of society, and
- Prepares pupils at the school for the opportunities, responsibilities and experiences of later life.

Aims

We aim to provide pupils with the knowledge, understanding, attitudes, values and skills they need in order to reach their potential as individuals and within the community. Pupils are encouraged to take part in a wide range of activities and experiences across and beyond the curriculum, contributing fully to the life of their school and communities. In doing so they learn to recognise their own worth, work well with others and become increasingly responsible for their own learning. They reflect on their experiences and understand how they are developing personally and socially, tackling many of the spiritual, moral, social and cultural issues that are part of growing up. They learn to understand and respect our common humanity; diversity and differences so that they can go on to form the effective, fulfilling relationships that are an essential part of life and learning.

Objectives/Pupil learning intentions:

Jigsaw PSHE will support the development of the skills, attitudes, values and behaviour, which enable pupils to:

- Have a sense of purpose
- Value self and others
- Form relationships
- Make and act on informed decisions
- Communicate effectively
- Work with others
- Respond to challenge
- Be an active partner in their own learning
- Be active citizens within the local community
- Explore issues related to living in a democratic society
- Become healthy and fulfilled individuals

Jigsaw Content and Organisation

Jigsaw covers all areas of PSHE for the primary phase including statutory Relationships and Health Education. The table below gives the learning theme of each of the six Puzzles (units) and these are taught across the school; the learning deepens and broadens every year.

PSHE Policy

Term	Puzzle (Unit)	Content
Autumn 1:	Being Me in My World	Includes understanding my own identity and how I fit well in the class, school and global community. Jigsaw Charter established.
Autumn 2:	Celebrating Difference	Includes anti-bullying (cyber and homophobic bullying included) and understanding
Spring 1:	Dreams and Goals	Includes goal-setting, aspirations, who do I want to become and what would I like to do for work and to contribute to society
Spring 2:	Healthy Me	Includes drugs and alcohol education, self-esteem and confidence as well as healthy lifestyle choices, sleep, nutrition, rest and exercise
Summer 1:	Relationships	Includes understanding friendship, family and other relationships, conflict resolution and communication skills, bereavement and loss
Summer 2:	Changing Me	Includes Relationships and Sex Education in the context of coping positively with change

Jigsaw brings together PSHE Education, emotional literacy, social skills and spiritual development in a comprehensive scheme of learning. Teaching strategies are varied and are mindful of preferred learning styles and the need for differentiation. Jigsaw is

designed as a whole school approach, with all year groups working on the same theme (Puzzle) at the same time. This enables each Puzzle to start with an introductory assembly, generating a whole school focus for adults and children alike.

There are six Puzzles in Jigsaw that are designed to progress in sequence from September to July. Each Puzzle has six Pieces (lessons) which work towards an 'end product', for example, The School Learning Charter or The Garden of Dreams and Goals. Each Piece has two Learning Intentions: one is based on specific PSHE learning and one is based on emotional literacy and social skills.

At Stockham School we allocate 6 hours to PSHE each term in order to teach the PSHE knowledge and skills in a developmental and age-appropriate way.

These explicit lessons are reinforced and enhanced in many ways: Assemblies and collective worship, praise and reward system, Learning Charter, through relationships child to child, adult to child and adult to adult across the school. We aim to 'live' what is learnt and apply it to everyday situations in the school community.

Differentiation/SEN

Jigsaw is written as a universal core curriculum provision for all children. Inclusivity is part of its philosophy. Teachers will need to tailor each Piece to meet the needs of the children in their classes. To support this differentiation, many Jigsaw Pieces suggest creative learning activities that allow children to choose the media with which they work and give them scope to work to their full potential. To further help teachers differentiate for children in their classes with special educational needs, each Puzzle includes a P-level grid with suggested activities for children working at each of those levels.

Please see the school's Equality and SEND policies.

Assessment

Refer to the schools 'Teaching for Learning' policy which includes marking and feedback.

Learning outcomes in each unit show how children can demonstrate what they have learnt within each unit. The work the children do themselves will serve as a record for classes.

External contributors

External contributors from the community, e.g. health promotion specialists, school nurses, social workers, and community police and fire officers, make a valuable contribution to the Jigsaw PSHE programme. Their input should be carefully planned and monitored so as to fit into and complement the programme. Teachers, or HLTAs MUST always be present during these sessions and remain responsible for the delivery of the Jigsaw PSHE programme.

Teaching Sensitive and Controversial Issues

Sensitive and controversial issues are certain to arise in learning from real-life experience. Teachers will be prepared to handle personal issues arising from the work, to deal sensitively with, and to follow up appropriately, disclosures made in a group or individual setting. Issues that we address that are likely to be sensitive and controversial because they have a political, social or personal impact or deal with values and beliefs include: family lifestyles and values, physical and medical issues, financial issues, bullying and bereavement.

Teachers will take all reasonable and practical steps to ensure that, where political or controversial issues are brought to pupils' attention, they are offered a balanced presentation of opposing views. Teachers will adopt strategies that seek to avoid bias on their part and will teach pupils how to recognise bias and evaluate evidence. Teachers will seek to establish a classroom climate in which all pupils are free from any fear of expressing reasonable points of view that contradict those held either by their class teachers or their peers.

Monitoring and evaluation

The PSHE co-ordinator will monitor delivery of the programme through observation and discussion with teaching staff to ensure consistent and coherent curriculum provision.

Evaluation of the programme's effectiveness will be conducted on the basis of:

- Pupil and teacher evaluation of the content and learning processes
- Staff meetings to review and share experience

PSHE Policy

Version History

Version	Date	Description of Changes -
1.0	October 2022	Issuance of the policy
1.1	September 2023	Issuance of policy in new template with no changes to content
